The Central Committee of the  
Communist Party of England  
London WC2  
16, Kingstreet

Dear comrade Gollan,

enclosed I send you an information about the situation in the communist party of the Netherlands as well as the translation of a letter of the CC of the CPN to the CC of the CP of France concerning the conference on questions of European security in Karlovy Vary. (Unfortunately it is in German, but I trust there will be someone at your office to read it for you. The text of this document has been published in the party-paper "De Waarheid" on March, 21, 1967.)

I offer no comment on this letter, but I am sure you will find in it a corroboration of the views, expressed in the information. All facts, cited in the information, have been published in the organs of the CPN.

I think you know who I am. Perhaps you remember our meetings during holidays; the last one took place in 1963.

With fraternal greetings

F. Barch
